Internship Experience

Back End Developer

August 2024 – November 2024

Smallfare

Remote

- Worked on integrating **Cashfree** and **Razorpay** APIs for payment processing.
- Implemented encryption and decryption algorithms to securely handle sensitive data.
- Managed databases using **PostgreSQL** for data storage, retrieval, and manipulation.
- Conducted manual API testing using **Postman** for API functionality and performance.

TECHNICAL SKILLS

Languages: SQL, Java, JavaScript, Python, MySQL

Data Analytics: Data Analysis, Data Modeling, GCP BigQuery, SQL Queries

Libraries/Frameworks: Spring Boot, Spring JPA, React.js

Developer Tools: Git/GitHub, VS Code, Eclipse, IntelliJ, Postman

Other Tools: Erwin, Visual Paradigm, MS-Office

PROJECTS

Smart Contact Manager | Spring Boot, Thymeleaf, Spring JPA, MySQL, Spring Security, Bootstrap

- Implemented secure user login and registration processes with Spring Security, including password encryption and role-based access control.
- Designed a relational database schema with a one-to-many relationship between User and Contact entities, ensuring efficient data management and retrieval.
- Developed intuitive and responsive front-end interfaces using Thymeleaf, providing seamless user experiences for managing contacts.
- Integrated comprehensive server-side validation for user and contact inputs to ensure data integrity and reliability.

Note Taker | Java, Hibernate, Servlet, JSP, Bootstrap, MySQL

- Implemented CRUD functionalities enabling users to Create, Read, Update, and Delete notes seamlessly.
- Utilized Hibernate for efficient mapping of Java objects to relational database tables, ensuring smooth data storage and retrieval.
- Leveraged Servlets to handle user requests and perform backend operations, ensuring efficient data processing. Integrated JSP for dynamic content generation, enabling interactive note management within the application.
- Designed intuitive user interfaces with Bootstrap for enhanced user experience and accessibility.

EDUCATION

Mahakal Institute of Technology and Management, Ujjain - RGPV University

2022 – 2024

MCA - Master of Computer Application

CGPA - 7.79

Govt. Madhav Science College, Ujjain - Vikram University

2019 – 2022

Bachelor of Computer Science - BSC(CS)

Percentage - 71.27

Kolping Convent H.S. School - MPBOARD

2018 – 2019

Higher Secondary Certificate (HSC) - PCM

Percentage - 78.44

Kolping Convent H.S. School - MPBOARD

2016 – 2017

Secondary School Certificate (SSC)

Percentage - 74.16

SOFT SKILLS

- Fluent English
- Problem solving
- Adaptability
- Team work
- Critical thinking

HOBBIES

- Reading books
- Listening music
- Watching Movies
